

PRESS RELEASE

Clause and Hazera International Open Days 2017

We are happy to announce the International Open Days 2017. This year again, the International Open Days are hosted by Hazera. This year the event will be organized in cooperation with HM.Clause. This event will take place from

26-28 September in Warmenhuizen, The Netherlands. During the International Open Days we will present you a wide assortment of open field vegetable varieties all displayed on one big field. You will be able to enjoy the latest varieties, innovations and bites and dishes, freshly made with vegetables from the field.

A wide range of crops will be displayed including onions, cabbage (white, red, pointed, savoy), cauliflower, broccoli, Brussels Sprouts, carrot (fresh market and industry), leek, onion, lettuce, squash, corn salad, sweet corn, swede, endive, celeriac and turnip.

One of the highlights is the full onion range, including Fasto and Contado from Hazera, known for the unique combination of high yields and long storage. Special attention will go out to the extensive new leek program, which was recently introduced. An interesting and extensive assortment of Brassicas, cauliflowers and Brussels Sprouts will be on display. It is also possible to visit the Hazera tomato demonstration center in Bleiswijk. Here you will find an interesting range of snack tomatoes, cherry, cluster, loose and beef tomatoes. For more information and visits please contact Geert van der Wel +31 (0)6 34594516.

HM.Clause will present interesting new broccolis and their new calebrini range; broccoli sprouts of 25 grams, with a fresh bite and nutty flavor. On site you will find quality elite sweet corn varieties with a splashing bite and improved field holding ability as well as the newly introduced and very early variety CLX 4351 and Mint.

You will also find the successfully introduced carrot Patzi, a new variety in the Berlicum slot. A new assortment of cauliflowers for the processing industry will be displayed. Those varieties are combining rock solid small florets and yield and will become available in 2018. Growers will also discover Clause new yellow hybrid turnip Oregon and a new swede with purple top, as well as Clause world leading corn salad range.

During the International Open Days you will enjoy the offering from Hazera, HM.Clause and Vilmorin, all members of the Limagrain Group. Our teams are happy to meet you, present you our interesting assortment and discuss with you ways to add value to your interest!

For more information on products, please contact Marion Vissers (Hazera), tel. + 31(0)6 21587080 or Arjen Biesheuvel (HM.Clause) +31 (0)6 34658520. For general information, please contact Ineke Christiaens, tel. + 31 (0)6 34595596.

We look forward welcoming you! We like to receive you with the well known hospitality while discussing your wishes and needs and being innovative with you!

Tuesday 26th until Thursday 28th of September 2017, from 9 am to 5 pm., Kanaalweg 14, Warmenhuizen (NL)
