Pst	Bacterial speck	HR	Pseudomonas syringae pv. tomato
TSWV	Spotted wilt	IR	Tomato Spotted Wilt Virus (race T0)
Va:1 / Vd:1	Verticillium wilt	HR	Verticillium albo-atrum Va:1 (EUR 0), Verticillium dahliae Vd:1 (EUR 0)

GENERAL INFORMATION : The descriptions, illustrations, photographs, advices, suggestions and vegetation cycles that may be presented herein are aimed at experienced professionals and are derived from observations made in defined conditions on various trials. They are offered in all good faith, for purely informational purposes, and shall not therefore, under any circumstances, be held to be exhaustive, be taken as any form of guarantee of harvest or performance, prejudice specific factors or circumstances (either current or future), and more generally, form any kind of contractual undertaking whatsoever. The user must first and foremost ensure that his exploitation conditions, local geographical conditions, his planned growing period, his soil, the means at his disposal (such as technical knowledge and experience and cultural techniques and operations), his resources (such as tests and control methods) and his equipment, and more generally his agronomical, climatic, sanitary, environmental and economic context are suitable for the crops, techniques and varieties that are presented herein (see also our Terms and Conditions of Sale). All the varieties illustrated in this publication were photographed in favourable conditions and no guarantee can be provided that results will be identical under different conditions. All reproductions, whether in part or in whole, of this publication (of the medium and/or the contents), in any form whatsoever, are strictly forbidden, unless specific prior permission is granted.

IMPORTANT NOTICE: All intellectual property rights reserved. Illegal reproduction and/or exploitation is forbidden. Violation of these rights may constitute a serious offence that is prosecutable by Law. For further information see: www.hmclause.com

Hazera
Growing Together

A BRAND OF
Limagrain

Note: This information and any additional/other verbal or written information that may be given on behalf of Hazera represents average results from specific trials; they are neither exhaustive nor necessarily accurate and should not be construed as advice, guidance, recommendation, statement or warranty. Sowing times and growing areas are only indicative. Images are illustrative only. Sale & use of seeds is subject to terms and conditions collectively displayed on seed packages and catalogs and/or at: <http://www.hazera.com/terms-and-conditions>.
E&OE. © 2023 Hazera. All rights reserved.

* Resistant varieties may exhibit some disease symptoms or damage under heavy pest pressure and/or under adverse environmental conditions and/or in the face of new biotypes, pathotypes, races or strains of the pest that may emerge.

Soil temperature above 27°C and other stresses may cause nematode resistance to break.

**please refer to the ISF definitions at http://www.worldseed.org/wp-content/uploads/2017/05/Definition_on_reaction_plants_to_pests_2017_final.pdf
A copy of the definitions for terms describing reactions of plants to pests for the Vegetable Seed Industry, can be obtained at our offices upon demand.
